On Sunday, Feb. 26th we held our first Hampton Heights Neighborhood Association Meeting of the year. Approximately 50 neighbors attended! We are so thankful that neighbors are engaged and proud of our community. Visit our [Neighborhood Events Page](#) to download a printable calendar of events planned this year! We discussed upcoming projects, including a grant application that has been submitted for a large tree-planting project, with types of trees and locations chosen by an experienced local horticulturalist.

and the plan goes forward, neighbors will need to support these new trees by committing to a watering regimen and maintaining the trees as they become established. The neighborhood association will reach out to affected neighbors to obtain their agreement, so stay tuned. This tree planting project will increase property values, reduce energy usage, remove air pollutants, and cool hot city streets by providing shade and releasing water vapor. Don't hesitate to contact hhnacomunication@gmail.com if you have any questions or want to volunteer your support.
